War. What is the price of war? Is it the daily list of casualties? Is it the amount of money spent on munitions? Is it the cost of all the headstones for the young men and women who gave their lives in distant places? Is it the grief of children growing up without a parent? Who determines the price of war and whether or not the price is worth it? God has never asked that a war be fought in his name. So why, throughout the ages, has one party or another, claimed to be fighting with God on their side? GOD IS PURE LOVE AND LIGHT. War is made by man. Do not deceive yourself that it is otherwise. When you pray "God Bless (fill in the blank)" you are by very definition excluding most of the world from that prayer. EVERY SOUL ON EARTH COMES FROM GOD. Do you really think God would answer a prayer that pits some of his creations against others? It is folly to think so. This mentality of a specific group believing they are the only chosen ones is FALSE! All SOULS come from GOD and ALL ARE CHOSEN! Not all choose to answer the call but it does not mean they are not chosen. God is available to all. Once again, it is EGO that causes one group to claim moral superiority over another. EGO is that which causes a great separation from GOD. Those who claim to be chosen and feed their EGO by that claim, are distancing themselves from the very thing they claim to hold dear. Think, people, THINK! Barriers cause separation not only from each other but from GOD. You cannot have multiple barriers against the people that inhabit your planet and truly believe that you have a true union with GOD. For to have a barrier against another, is to have a barrier against GOD since all came from GOD. You would ask GOD to say "this Soul I created is greater than that Soul". All Souls have the potential for greatness. All Souls have the potential to fulfill their mission. They just need to make the choice that union with God is their goal and work from there. WAR will never allow that union to take place because it is based on division. Remember that if you choose union with God, YOU HAVE CHOSEN PEACE IN ALL ITS FORMS. Agamemnon.
